## SURFING NICARAGUA...

*Much more than great waves*

Triple Dare has created a unique surfing adventure in southwest Nicaragua on the Pacific coast approximately 50 miles north of Costa Rica. Due to typically steady and predictable winds, the surf is good from dawn to dusk. Surfers can plan on multiple sessions per day as there are breaks good for all tides.

Accommodations are in a luxurious three bedroom, two-bath beachfront condominium with direct views of the main surfer's beach and within a short walk to the restaurant/bar and main swimming pool. Triple Dare accommodations include a total of five beaches on a 2,700-acre gated, private reserve. Two of these beaches are excellent for surfing. Playa Santana is located directly in front of your balcony, where the waves bounce off the rocks creating clean left wedges. Popoyo beach, offering some of the best and most consistent waves in all of Nicaragua, is a short walk from the main residence. Other nearby surfing beaches include, Manzanillo, Colorado, Outer Reef, Chacasante and Astellero.

*"I had no idea all this existed in Nicaragua! Having access to our own car and getting to know the locals made this trip one of our most unforgettable. We'll be back next spring!"*

*"Surfing at sunset near Popoyo Beach was the experience of a lifetime."*

before the flood of tourists changes the social climate.

Come see for yourself. The water is warm and the waves are clean, real clean!
